

Firmware Analysis Report

Project: Relion670 Render Test
Architecture: ARM Cortex-M4
File Size: 13681652 bytes
SHA256: 5ee59011bda064e1fe19da62e28c39188fe6be8e9812f7ff7aaedc199be3723f

Executive Summary

This report was automatically generated by the FAWS system. It contains the results of a multi-stage static, dynamic, and symbolic firmware analysis.

Analysis Stages

Tool: BINWALK

Status: SUCCESS | Command: "C:\Users\akars\OneDrive\Desktop\Firmware Analysis workflow simulator\backend\.venv\Scripts\python.exe" tools/binwalk.py --target "C:\Users\akars\OneDrive\Desktop\Firmware Analysis workflow simulator\backend\data\uploads\48_30_Relion670_Firmware update 1p1r01 to 27.zip" --project "48" --run-id 0

Analyzed successfully, found 2 findings.

Tool: STRINGS

Status: SUCCESS | Command: "C:\Users\akars\OneDrive\Desktop\Firmware Analysis workflow simulator\backend\.venv\Scripts\python.exe" tools/strings.py --target "C:\Users\akars\OneDrive\Desktop\Firmware Analysis workflow simulator\backend\data\uploads\48_30_Relion670_Firmware update 1p1r01 to 27.zip" --project "48" --run-id 0

Analyzed successfully, found 0 findings.

Tool: ENTROPY

Status: SUCCESS | Command: "C:\Users\akars\OneDrive\Desktop\Firmware Analysis workflow simulator\backend\.venv\Scripts\python.exe" tools/entropy.py --target "C:\Users\akars\OneDrive\Desktop\Firmware Analysis workflow simulator\backend\data\uploads\48_30_Relion670_Firmware update 1p1r01 to 27.zip" --project "48" --run-id 0

Analyzed successfully, found 0 findings.

Tool: YARA

Status: SUCCESS | Command: echo 'Tool yara not configured'

Analyzed successfully, found 0 findings.

Tool: SYMBOL_ANALYSIS

Status: SUCCESS | Command: echo 'Tool symbol_analysis not configured'

Analyzed successfully, found 0 findings.

Tool: SCORECARD

Status: SUCCESS | Command: "C:\Users\akars\OneDrive\Desktop\Firmware Analysis workflow simulator\backend\.venv\Scripts\python.exe" tools/scorecard.py --target "C:\Users\akars\OneDrive\Desktop\Firmware Analysis workflow simulator\backend\data\uploads\48_30_Relion670_Firmware update 1p1r01 to 27.zip" --project "48" --run-id 0
